

WIFITD_OLD20171013

"WIFITD": WI-FI INTERFACE FOR INDICATORS

Small size, excellent signal quality and adjustment of the antenna's inclination and orientation, are just a few features of this product which allow for an easy wireless connection of any scale or weighing system to the company's computer system; it' easy to install and it's fitted with a cable for the connection to the indicators.

The module does not exclude the use of other Dini Argeo products on the system, such as Control Light, Alibi Memory, attached or external printer.
