Portable Wheel and Axle Weighing Platforms

Dini Argeo WWS wheel weighing platforms are made with durable, high-quality material, and have been a reference point for mobile vehicle weighing for over a decade.

WWS platforms, designed and built entirely in Italy, are ideal for weighing road vehicles, containers, aeroplanes, and bulky items with multiple support points, saving space and time. Designed and built entirely in Italy, some Dini Argeo WWS wheel weighing platforms are available with type approval for use in connection with third parties.

**The best solution
for advanced industrial
applications**

Where to Use Portable Wheel and Axle Weighing Platforms

- Agri-food Industry
- Logistics Industry (SOLAS)
- Ceramic Industry
- Mechanical Engineering Industry
- Building Industry
- Shipyards and Ports

Products

- **WWS Series Wheel Weighing Platforms:** WWS Series wheel weighing platforms are designed to accommodate vehicles of all sizes. Create a weigh station using the accurate and sturdy WWS Series wheel weighing platforms, with options for handles on both sides and dynamic weighing.
- **RWSCP Platform for Dynamic Axle Weighing:** The RWSCP axle weighing platform allows users to calculate the weight of a vehicle in transit, summing the various axles and weighing dynamically. This axle weighing platform is ideal for a flush floor installation.
- **WWSK Series Mobile Axle Weighing Kit:** Designed for manual static weighing of axles, the WWSK Series mobile axle weighing kit features two WWS portable wheel weighing platforms, a 3590ETKR touchscreen weight indicator and an integrated printer.

Our network of specialised partners

- The solutions shown in the examples have been carried out by our network of specialised partners worldwide.

We thank the companies that own the photographic material for having granted permission for its use, as well as for their competence and professionalism.

If you are interested in receiving more information, do not hesitate to contact us: we will be able to advise you relating to the solution you are looking for, together with our nearest local partner.
