

DLEGAL

D-LEGAL: LEGAL FOR TRADE APPROVED PROGRAM FOR SAVING WEIGHING OPERATIONS CAPABLE OF EXCHANGING DATA WITH PC PROGRAMS VIA APIs

DLEGAL is a program for saving approved weighing operations. It is a real virtual alibi memory, directly on a PC and without storage limits. With this new software, all data is saved in a legal for trade approved file that can be exported to Excel. It is designed to simplify data exchange with external programs using a comprehensive API package.

The best solution
for advanced industrial
applications

FEATURES

- Legal for trade approved software, for use in relations with third parties.
- The program interface is the approved scale indicator that can be used for zeroing, setting the tare and saving weighing results.
