 **DINI ARGEO**  
Scales - Weighing systems

A RICE LAKE WEIGHING SYSTEMS COMPANY

# INDUSTRIAL SCALES

# WEICOMP® SERIES

With WEICOMP®, Dini Argeo has redefined the concept of industrial weighing:

- ✓ User-friendliness
- ✓ Maximum connectivity
- ✓ Excellent performance

Our research and development have led to the creation of innovative weighing solutions that are easy to use and have distinctive features on the market. Our goal is to supply the ideal industrial scale for all needs.

INNOVATIVE DESIGN

# EXCELLENT PERFORMANCE

WEICOMP® was created to offer Dini Argeo's quality standards and advanced technologies in a complete range of versatile and affordable industrial scales.

Designed to adapt to multiple production contexts, the WEICOMP® series of scales offers complete bench and floor solutions available with different load platform sizes and capacities up to 300 kg.

## The Next-Generation Weight Indicator for Managing Production Processes

A new generation of complete scales with an integrated platform and indicator -with or without a column- painted steel or stainless steel, designed to simplify installation and guarantee practical and efficient weighing systems. Equipped with large, bright displays that are easy to use. Available in several sizes with various capacities, resolutions and configurations to suit every need.

### Precision and Versatility Without Compromise

Designed for everyday weighing operations, our scales combine precision, speed, flexibility, versatility and safety for all types of processes, including weighing, counting or quality control. The range includes **LITE** and **PRO** versions designed to meet all needs.

### Maximum Flexibility in Positioning

With its modular design, the weight indicator can be placed where needed: on a platform, separate from the platform, on the wall or on a column.

The compact design allows the scales to be integrated into even the smallest spaces for the best visibility and operability at all times.

Real-time product weight control by the operator using WEICOMP® scales via the DFWXS indicator checkweighing system.

# Next-generation Electronics

FOR GUARANTEED PRODUCTIVITY ON PRODUCTION LINES

## EFFICIENCY

25 mm LCD display with interactive color backlighting and adjustable brightness for faster control operations, taking the indicator's practicality to a whole new level.

## STURDINESS

Innovative, compact and very strong. The new DFWX has a modern, compact and versatile design for easy installation in harsh industrial environments.

 INTERACTIVE COLOR DISPLAY

 RECHARGEABLE INTERNAL BATTERY

 INTERNAL POWER SUPPLY WITH INDUSTRIAL PLUG

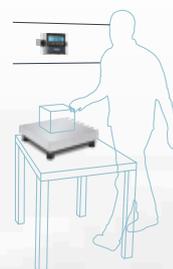

## VERSATILITY

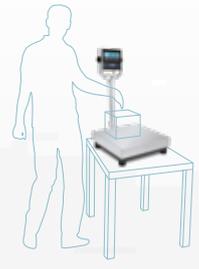

Regardless of the application environment, in warehouses, laboratories or the food-processing industry, the indicator adapts to ensure top-level readability at all times with its adjustable tilt and installation that can be customized as needed.

AND WEIGHING PROCESS MANAGEMENT

## Main Features

FEATURES	WEICOMP® Lite	WEICOMP® Lite Stainless steel	WEICOMP® Pro	WEICOMP® Pro Stainless steel
<b>Platform structure</b>	Painted steel	Stainless steel	Painted steel	Stainless steel
<b>Load surface</b>	AISI 304 stainless steel		AISI 304 stainless steel	
<b>Load cell</b>	Aluminum, IP65		Aluminum, IP67	Stainless steel, IP67
<b>Weight indicator</b>	DFWLX, ABS		DFWXS, stainless steel	
<b>6-digit backlit 25 mm LCD display</b>			Interactive color backlighting	
<b>5-key waterproof numeric-functional keypad</b>	✓		✓	
<b>Adjustable tilt support bracket for platform and wall installation</b>	✓		✓	
<b>RS232 (RJ11 port) for thermal printer, repeater or PC communication</b>	✓		✓	
<b>Load cell connection to the indicator via a connector</b>	6 poles, IP65		7 poles, IP67	
<b>Internal power supply</b>	230 Vac / 12 Vdc, with 1.5 m cable and EU or UK plug		230 Vac / 12 Vdc, with 1.5 m cable and EU or UK plug	
<b>Built-in rechargeable NiMH battery</b>	40-hour operating time		100-hour operating time	

FUNCTIONS	WEICOMP® Lite	WEICOMP® Pro
<b>Weight conversion to lb or using a freely programmable conversion factor</b>	✓	✓
<b>Totalization</b>	✓	✓
<b>Formulation</b>	✓	✓
<b>Automatic tare</b>	✓	✓
<b>Animal weighing</b>	✓	✓
<b>Energy saving</b>		✓
<b>Net or gross weight check according to samples</b>		✓
<b>Take away weight check mode</b>		✓
<b>Piece counting and control</b>		✓
<b>Percentage weighing</b>		✓
<b>Manual filling and dosing</b>		✓

## Options

- Optional stainless steel or painted column.
- Roller conveyors.
- Calibration approval.
- Approvals 3000e, 3000+3000e.
- Communication interfaces (Pro version only).
- Alibi memory.

### APPLICATIONS:

- Statistical weight detection.
- Automatic and manual dosing and filling.
- Formulation of recipes and mixtures.
- Selection and classification by weight.
- Piece counting.
- Weight check (pre-packaged).

Dini Argeo Dealer Network:  
over 3500 partners  
in more than 130 countries across the world

“YOUR WORLDWIDE PARTNER  
FOR WEIGHING”

## WHY CHOOSE DINI ARGEO?
